

We are partnered with the infrastructure team of a global investor in Chicago. Our client invests across the infrastructure space, covering anything from digital infrastructure to transportation, renewables, and energy transition. The team is looking for an Associate to join the Chicago office. The Chicago team is lean, and this hire will gain direct exposure to senior leadership. This is a chance to join a high performing team in the industry that also upholds a strong and collegial culture. Qualifications: 2-4 years of experience in investment banking, private equity, or direct investing within energy/infrastructure, industrials or a relevant sector. Demonstrated deal experience and advanced financial modeling skills. Bachelor's degree in finance, economics, accounting, or a related field.
