

Are you passionate about making a difference in mental health? Join Intellect as a Clinical Provider, where you'll play a vital role in supporting clients on their journeys toward better mental health and personal growth through our cutting-edge telehealth platform. This freelance, remote role offers complete flexibility, allowing you to set your own business hours. It's a perfect opportunity to complement your current job or private practice. While we prefer local candidates, we're open to professionals from diverse locations who are aligned with our mission.

Why Join Us? Become part of a collaborative network of Clinical Psychologists and Counsellors dedicated to expanding access to quality mental health care. At Intellect, you'll find a supportive community focused on enhancing lives and helping clients overcome personal challenges.

What You'll Do Provide 1-on-1 telehealth/or onsite mental health support for Intellect's clients Address a range of clinical cases, including depression, anxiety, trauma, schizophrenia, eating disorders, addiction, and more Partner with our internal clinical team to improve the platform and client programs

Requirements/Qualifications: Master's degree in Counseling or Clinical Psychology Expertise: Skilled in Cognitive Behavioral Therapy or other evidence-based approaches (e.g., Motivational Interviewing, DBT, SFBT) Experience: A minimum of 300 clinical hours post-master's degree Languages: Proficiency in English and your local language Preferred Background: Prior experience with EAP, adult counseling, or coaching managerial roles Flexibility: Openness to occasional onsite work, if necessary, is a plus

If you're ready to make a meaningful impact and be part of a mission-driven team, we'd love to hear from you. Apply today and join us in transforming mental health care!
